WHO'S BUYING WHAT

Sonifex equipment is part of a refurb project of two air studios at **Hospital Radio Bedside** at the Royal Bournemouth Hospital in Dorset, United Kingdom. The operation broadcasts to five hospitals and online at www.hospitalradiobedside.co.uk. Engineer Simon Davies is using new Sonifex S2 split mixers, SignalLED studio signs and RB-SS10 10-way stereo analog source selector/mixer ...

Hospital Radio Bedside Studio is using Sonifex S2 mixers.
