

# SONIFEX- CBL-D25-8XO & CBL-D25-8XI

These multi-channel audio snakes are AES59 compliant.

The following Sonifex products were designed prior to the AES59 standard being created:-

- RB-SS10
- RB-DSD8
- RB-FS42
- RB-FS42DC
- RB-FS82
- RB-FS82DC
- RB-VHDMA8
- RB-VHEMA8
- RB-VHCMA4

The audio snakes can still be used with the products listed above, but the channel numbers will be swapped (i.e. Channel 1 audio will be on the cable labelled Channel 8, Channel 2 audio will be on the cable labelled Channel 7 etc.)
