DHY-04 (Dialler) Firmware Versions		
Version	Changes	Description
1.10	Alterations	Fixed crashes on Windows 10.
		Moved application settings to user AppData folder to comply with Windows 10 security, app no longer needs to be run as admin.
		Added device menu so it's easier for users to manage saved devices adding the ability to remove or clear old devices.
		Modified uninstaller to remove all associated files.
